MEMORANDUM FOR: Director of Central Intelligence
Deputy Director of Central Intelligence

FROM : SA/IA

SUBJECT : Agenda for Breakfast Meeting with Secretary Haig

25X1 1. I learned today that each of you has requested that an item be included
25X1 in tomorrow's breakfast agenda with Secretary Haig. These are: (1) covert
[redacted] which I understand was requested by the DCI, and (2) the
issue of U.S. produced arms [redacted] which I understand was requested
by the DDCI. These two items are on the agenda. 25X1

25X1 2. Secretary Haig apparently wants to discuss [redacted] 25X1
[redacted] I have included material from last Friday's
breakfast book, but I was told by Bob Gates this morning that each of you has
in hand the draft implementing directive.

25X1 3. In anticipation of Friday's NSPG meeting on Cuba, and as a result of 25X1
recent reporting on MIG 23s in Cuba, we put Cuba on the agenda. Because your
discussions will obviously extend to Cuban involvement in Central America, I
have included not only [redacted] but also a copy of last
week's Central America report and the recent DDI memo to INR reporting on the
volume of Soviet military deliveries to Cuba during 1981.

4. I just received an item from Latin America Division, in response to
your request, reporting on difficulties our station is having [redacted]
I was told that you want the background information in order to raise this with
Secretary Haig.

25X1 5. In anticipation of Thursday's NSC meeting on Libya, [redacted] 25X1
and Helene Boatner submitted memos informing you of the status of the Libyan
Task Force work to date. There appears to be a bit of confusion in that the
Working Group and Task Force are working on the assumption that the NSC meeting
will occur in early February. Some of the papers being worked on will not be
completed in time for this Thursday's meeting. In any case, you may wish to
discuss the progress of the Task Force as well as the latest information you
have on Libyan terrorist planning. FYI--despite our inability to prove it,
Secretary Haig apparently believes that [redacted] 25X1
[redacted] I understand that Bob Gates briefed you orally on the
latest terrorist information.

6. Bob Gates asked that you discuss with Secretary Haig his desire to initiate rotational tours for DDI analysts at the Department of State. I encountered some bureaucratic foot-dragging by Haig's staff ~~people~~ on this issue because they believe it should be staffed out before being discussed at your level. From their perspective that makes sense, but Bob's goal is to ensure that the Secretary realizes that these rotations have your support and that they are to be substantive in nature. We are not looking for a dumping ground for marginal performers but rather in-depth policy experience to improve the quality of our intelligence analysis. I mentioned to Haig's people that the details will certainly be worked out in subsequent meetings at a lower level.

7. Haig's people suggested that you might appreciate a brief debriefing by the Secretary following his recent trip to NATO and the Middle East. Similarly, he would probably appreciate a brief report from you on your meeting last week with PFIAB.
